Trade Name: Bio-Zyme Multi Purpose
Description: Cleaner Sanitiser
Code: C 31

Approvals:

This compound is approved for use in premises processing all animal product except dairy, operating under the Animal Products Act regime.

This approval is under the following regulations, subject to the conditions stated in this approval:

1. Regulation 247 of the Animal Products Regulations 2021 and Regulation 18 of the Animal Products (Regulated Control Scheme – Limited Processing Fishing Vessels) Regulations 2001

Conditions:

1. This may be used in all areas.
2. Before use, all edible product and packaging material must be removed from the room, unless the room can be divided into distinct areas, no edible product or packaging material is present in the area during cleaning and there can be no possibility of contamination of product or packaging material as a result of cleaning.
3. After using this compound, food contact surfaces must be thoroughly rinsed with potable water before production starts.

This approval may be withdrawn at any time due to unapproved directions for use, or unsatisfactory performance, or any change in product formulation. The Ministry for Primary Industries (New Zealand Food Safety) must be notified if the holder of this approval wishes to transfer their products to another entity.

The product must be used in accordance with the manufacturer's instructions and specifications. The label may include a statement to the effect that the product is approved for use in premises registered under the Animal Products Act regime. Any statements made, however, must include the approval code and must be limited to the following unless otherwise specified:

MPI Approved C 31 (All animal product except dairy)

Note: Former NZFSA statements must be removed from your labels.

This approval must not be used as a Ministry for Primary Industries (MPI) endorsement of any claim made for the product by the manufacturer.

This approval will remain valid until 21 July 2027 unless the approval is revoked by notice in writing at an earlier stage.

Any queries regarding this approval should be directed to MPI Approvals by either telephone on 04 894 2550 or by e-mail at approvals@mpi.govt.nz.

Dear Trevor,

APPROVAL OF DAIRY MAINTENANCE COMPOUND

The product **Bio-Zyme Multipurpose** has been considered in conjunction with the independent assessment reports provided and determined to satisfy the requirements of regulation 30(3) of the Animal Products (Dairy) Regulations 2005 and regulation 43 of the Raw Milk for Sale Consumers Regulations 2015, when used in accordance with the label.

This approval of the compound is subject to the following conditions:

1. For use in external areas only.
2. Not for use on milk transport tanks or silos and tanks for the storage of milk, food or ingredients.

Where this **approval** is stated on the product label, the statement "MPI approved for use in farm dairies" is to be used unless an alternative is agreed in writing by MPI.

Should this product be determined to be unsatisfactory when used as per the label or as per any recommendation provided by the manufacturer or an agent of the manufacturer, MPI may amend or withdraw this approval.

Review

This approval is valid for a maximum period of 5 years but is subject to periodic review and may be withdrawn at any time should the Director-General determine that there is sufficient evidence that the products are not fit for the purpose for which this approval applies. You will be issued a letter prior to the review date, which is set at **4 February 2027**, but you are responsible for ensuring that this review is completed if you wish to retain MPI approval of the above dairy maintenance compound.

Yours faithfully

Dear Trevor,

RECOGNITION OF DAIRY MAINTENANCE COMPOUND

The product **Bio-Zyme Multipurpose** has been considered in conjunction with the independent assessment reports provided and determined to satisfy the requirements of regulation 30(3) of the Animal Products (Dairy) Regulations 2005 and regulation 43 of the Raw Milk for Sale Consumers Regulations 2015, when used in accordance with the label.

This recognition of the compound is subject to the following conditions:

1. For use in external areas only
2. Not for use near air intake/ventilation to processing areas
3. Not for use on milk transport tanks or silos and tanks for the storage of milk, food or ingredients.

Where this **recognition** is stated on the product label, the statement "MPI recognised for use in dairy processing" is to be used unless an alternative is agreed in writing by MPI.

Should this product be determined to be unsatisfactory when used as per the label or as per any recommendation provided by the manufacturer or an agent of the manufacturer, MPI may amend or withdraw this recognition.

Review

This recognition is valid for a maximum period of 5 years but is subject to periodic review and may be withdrawn at any time should the Director-General determine that there is sufficient evidence that the products are not fit for the purpose for which this recognition applies. You will be issued a letter prior to the review date, which is set at **26 August 2026**, but you are responsible for ensuring that this review is completed if you wish to retain MPI recognition of the above dairy maintenance compound.

Yours faithfully
