

YOUR NEW ZEALAND MANUFACTURED ORGANIC SOLUTION
TO A CLEAN GREEN ENVIRONMENT

Long Drops

Where & How to use our Products

Problems

These are a very real source of ground water pollution as well as having odours. There is usually too little moisture to allow biological action.

Bio-Zyme is a **high performance**, non-toxic, non-allergenic and **readily biodegradable** multiple enzyme degreaser, odour controller, **cleaner/sanitiser*** (*only under MPI Approvals). **Environmentally & wastewater treatment systems preferable.** Laboratory tested - ask us about our test results, available on request.

Solutions

Bio-Zyme Industrial

Industrial - C32

- By adding **Bio-Zyme Industrial** with a large volume of water you help satisfy the moisture demand. Biological action will start to take effect immediately and odours will disappear.
- Use 300mL Bio-Zyme Industrial to 1L water and splash down and around hole **covering contents of tank** weekly.
- Use 60mL Bio-Zyme Industrial to 1L of water to spray & wipe **toilet seat and interior of cubide**. Spray contents of tank when finished daily.

or

Bio-Zyme Cleaner

Cleaner - C32

- Use 60mL **Bio-Zyme Cleaner** to 1L of water to spray/foam & wipe **toilet seat and interior of cubide**. Spray contents of tank when finished daily.
