

YOUR NEW ZEALAND MANUFACTURED ORGANIC SOLUTION
TO A CLEAN GREEN ENVIRONMENT

Case Study | Polytec - May 2023

Polytec Facility - South Island with approximately 2000 staff and students on site.

Hygiene Servicing Company had the contract to service sanitary units, contract for 3 years. Units were serviced fortnightly, monthly and 6 weekly depending on perceived usage. Now cleaners on site servicing Hygiene Units as required.

CALCULATIONS

After the initial set up of a one off purchase of the Hygiene Units

1st year's savings was **72.6%**

2nd year's savings was **81.9%**

3rd year's savings was **81.9%**

Polytec usually sign a 3 year contract for hygiene servicing. After bringing this service in house they have **saved 78.8% over a 3 year term.**

FEEDBACK FROM CLIENT

👁 Astounded at cost savings and cleaning staff's willingness to self-manage the Hygiene Units. We see the benefits of the environmentally preferable self servicing units and Bio-Zyme cleaning product. Without our Staff's support this would not have been possible. Big thank you to them also. *'We have considerably reduced our carbon footprint onsite by choosing this new model for our Polytec facility.'*

Craig McKenzie
Polytec Facilities Manager
